<b>Latest update of the Terms of Reference:</b>	08 November /2023

#### Humanity and Inclusion

Humanity and Inclusion -HI (the new name and re-branding of Handicap International since January 2018) was founded in France in 1982. In 2009, the HI Federation was established in Brussels. The membership of the Federation has since expanded to eight countries, namely; France, Belgium, UK, USA, Germany, Switzerland, Luxembourg and Canada. HI vision asserts: “Outraged by the injustice faced by people with disabilities and vulnerable populations, we, aspire to a world of solidarity and inclusion, enriched by our differences, where everyone can live in dignity”. HI is an independent and impartial aid and development organization working in situations of poverty and exclusion, conflict and disaster. We work alongside disabled and vulnerable people to help meet their essential needs, improve their living conditions and promote respect for their dignity and fundamental rights. Currently, HI is present in at least 55 countries, with its humanitarian programs reaching at least 2 million people. In 1997, HI along with other partners was awarded the Nobel Peace Prize for its international campaigns to ban landmines sale and use. For further information about HI please visit: <https://hi.org/> and <http://www.hi-us.org/> and <https://humanity-inclusion.org.uk/en>

#### Humanity and Inclusion in South Sudan

HI has been operating in South Sudan since 2006, implementing emergency and development actions aiming at improving protection, quality of life, and the promotion of rights of vulnerable individuals, including people with disabilities. HI's current portfolio

adopts an integrated and multi-sectoral approach that includes interventions centered on MHPSS, Protection, Functional Rehabilitation and livelihoods, with disability inclusion as a crosscutting theme across all programmes. In 2021, HI established a base in the greater Unity, which remains among the most conflict states of the country and recoding a high number of persons with disabilities. The operational context in South Sudan today is considered largely humanitarian/emergency while phasing in resilience programming in some areas. The ongoing peace initiatives, if they succeed, might result in huge population movements of returnees (both IDPs and refugees) across the country.

HI's current interventions are funded by BHA, MOFA Luxembourg, South Sudan humanitarian Fund (SSHF), GFFO and the Crisis and Support Centre of the French Ministry for Europe and Foreign Affairs. In South Sudan, HI focuses its intervention in Protection, Health (MHPSS, reproduction health and physical rehabilitation), inclusion in humanitarian action, and livelihood. HI works in close collaboration with the South Sudan Humanitarian Clusters (Health, Protection, Food Security & Livelihoods and Education), UN agencies and Government departments (Health, Agriculture, Education, Gender and Youth, and Relief & Rehabilitation Commission). HI is also an active member of the South Sudan NGO Forum.

As part of its strategy, HI South Sudan is repositioning to strengthen its programming by participating to the Education for All in South Sudan programme funded by FCDO through a commercial contract (detailed information about the program and partners will be disclose to the selected candidates).

## **DESCRIPTION OF THE REQUIRED SERVICE PROVISION**

### **1. Objectives of the consultancy**

The main objective of the assignment to develop a full proposal meeting the FCDO requirements and ready to submit, according to the donor deadline. HI will be a sub-awarded in the consortium, the consultant will therefore be responsible for developing HI approach as part of a larger consortium.

This will be done in close collaboration with HI team in HQ in South Sudan, HI's HQ education specialist and HI UK team. This consultancy will be under the responsibility of the Technical Head of Programme in South Sudan. The consultant is however responsible for ensuring the quality of the full proposal narrative and budget, including the coherence of the proposed strategy, the technical quality, the consistency with HI mandate within the expectation of the consortium lead.

### Specific Objectives:

- Familiarize themselves with the formats and reference documents relating to the FCDO call for tender, which will be launched in October 2023;
- Familiarize themselves with documents relating to the humanitarian context in the proposed area, particularly in the education sector;
- Conduct face-to-face and/or remote interviews and meetings with the various stakeholders in the development of the project (HI team, and partners);
- Define the intervention logic and the technical aspects of the project with HI and the partners and ensure that the strategy is in line with the guidelines of the call for tender;
- Draft the project documents in the format required by FCDO/consortium lead, including support work for the consortium members in order to present a project guaranteeing an integrated approach to the intervention themes.
  - HI technical offer based on the requires format
  - HI financial offer, including HI internal and external budget of the project proposal, in full coherence with the description and on the basis of a close collaboration with the HI financial Manager in South Sudan and the HI financial controller at headquarter.
  - Any requested annexes

## **2. Expected results and deliverables.**

Result 1 : Scoping meetings have been organized with consortium partners and HI relevant focal point (at field and HQ level) throughout the proposal writing process to ensure the coherence and technical quality of the proposed approach

- Deliverable: logical framework validated by HI and consortium lead.

Result 2: HI narrative and financial offer in the donor format is finalized and validated by HI.

- Deliverables:
  - First version of the technical and financial offers for discussion with HI and partners.
  - Second version of the technical and financial offers
  - Last version of the technical and financial offers

Result 3: The required annexes are finalized and validated by HI

- Deliverable: Required annexed according to the call for tender

### 3. Timeline

The time required for the assignment is estimated at a maximum of 18 working days. The technical bid must include a detailed work plan proposal.

Below is a tentative timeline, the consultant is responsible for proposing a timeline according to his/her availability as part of the technical proposal.

Task	Time Frame
Development of ToRs and recruitment of the consultant	Re-Advert
Release of the call for tender	9h of December
Organization of the briefing and scoping meetings	21-22st November 2023
Development and validation of the logical framework	24 <sup>th</sup> of November 2023
Presentation of the logical framework	27 <sup>th</sup> of November 2023
First version of the technical and financial offer (for feedback)	5 <sup>th</sup> of December 2023
Second version of the technical and financial offer (if necessary)	12 <sup>th</sup> of December 2023
Final version of the technical and financial offer including annexes	13 <sup>h</sup> of December 2023
Feedback and validation workshop	14 <sup>th</sup> of December 2023

### Consultant profile

The consultant must have proven knowledge of and experience in:

- Master's level 2 or equivalent in humanitarian aid and/or international project management, education and/or disability right and/or inclusion expertise.
- Experience in development of projects/programs in the education sector.
- Previous experience with HI is an valuable asset.
